THE OXFORD EYE HOSPITAL

WALTON STREET

(FOUNDED BY ROBERT WALTER DOYNE IN 1886)

FIFTY-THIRD ANNUAL REPORT
1939

OXFORD

PRINTED BY J. VINCENT, HIGH STREET

1940

The Committee earnestly desires more ANNUAL SUBSCRIPTIONS. It should be remembered that the list is being continually reduced by changes of residence, death, and other causes.

DONATIONS are also asked for, especially from those who, not being always resident or from other causes, cannot undertake a regularly recurring subscription.

The Hospital is glad to receive gifts of vegetables, potatoes, fruit, milk, old linen, etc., etc.; and papers, magazines, pictures, games, and toys for the children. These should be sent to the Matron at the Hospital.

THE INVESTED CAPITAL of the Hospital is very small. After paying the rent and taxes but little is left to meet the heavy expenses of maintenance. The Committee is most anxious to see the Permanent Fund increased.

CHEQUES and POSTAL ORDERS should be made payable to

“THE OXFORD AND DISTRICT JOINT HOSPITALS BOARD ”

and remittances sent to the Oxford and District Joint Hospitals Board, 2 King Edward Street, with an intimation that the sum is to be earmarked for the Oxford Eye Hospital (if this is desired); or they may be made payable to

“THE OXFORD EYE HOSPITAL,”

and sent to the Hospital addressed to the HONORARY SECRETARY; or they may be paid direct to BARCLAYS BANK LIMITED, St. Aldate's, Oxford, to the account of the Hospital.

FORM OF LEGACY.—I give and bequeath to the OXFORD EYE HOSPITAL, the sum of.....pounds, **free of duty**, for the general purposes of the said Hospital. And I declare that the receipt of the Treasurer for the time being of the said Hospital shall be an effectual discharge for the said Legacy.

J. D. PEEL, Esq.	

ANNUAL REPORT, 1939.

THE Committee present herewith their Annual Report and Statement of Accounts for the year ending 31st December, 1939.

General and House Committees.

The Committee much regrets the loss, by his departure from Oxford, of Mr. A. R. Cowdery, who had since 1937 been Honorary Treasurer of the Hospital. It desires to record its deep appreciation of his devoted services and of the skill with which he has managed the financial affairs of the Hospital.

Dr. Sinclair was elected a member of the Committee, which met three times on the usual dates.

The House Committee elected Mrs. Bourne as their Chairman, in the place of Mr. A. R. Cowdery. Miss Odgers resigned her membership of this Committee.

Staff.

Mr. Henry was succeeded as Resident Medical Officer by Mr. E. G. Spooner. The Committee regrets to report the death of Miss Graham, who recently retired after serving the Hospital for 26 years as Dispenser. Since the War began, the Hospital has had the benefit of the services of Miss Fish as Honorary Clinical Assistant.

Working of the Hospital.

The number of new patients and readmissions fell from 3441 to 3370 in spite of 83 evacuees from London and elsewhere outside the Hospital's normal sphere. There was a decrease of 43 in the cases from Oxford, 24 from Oxfordshire, 71 from Berkshire and 45 from Gloucestershire. On the other hand the number of in-patients was 501, the highest on record, and of attendances 14635, also the highest figure reached.

Operations numbered 2054, 13 more than last year; 1084 of them (4 more than last year) were operations on the cornea. There was a decrease in cataract cases, and an increase in operations on lachrymal structures. General anaesthetic cases went up from 92 to 135.

Finance.

In spite of a decline under some headings, Income has been maintained satisfactorily. Subscriptions are down by £67, against which there is an increase of £19 under un earmarked contributions, which represent subscriptions of old subscribers. It is however to be regretted that a number of old subscribers have found it necessary to discontinue their help. Church and Chapel collections are down by £37, and the amount from Entertainments shows a decrease of £66; the latter being chiefly due to the cancellation of the Hospital Fete and St. Giles' Fair. Employees' contributions also decreased by £64. In-Patient Payments, however, are up by £397 owing to larger amounts being received from the Radcliffe and A. H. Contributory Scheme. Payments from the Ministry of Health under the Emergency Hospital Scheme brought in £150.

Mainly on account of the War, several items on the Expenditure side show considerable increases. The Nursing and Domestic Staff has cost £191 more, chiefly because early in the year, owing to difficulties in replacing Nurses, we were obliged to obtain help from Nursing Associations at higher rates of remuneration.

Provisions are up by £50, while the increase in Surgery and Dispensary costs amounted to £205. Higher prices were responsible for both of these increases.

The painting of the outside of the Hospital, unusual expenditure in connection with A.R.P. and £46 the balance of the cost of the gas range largely account for the increase of £205 in Renewal and Repairs.

The total Expenditure exceeded Income (excluding legacies) by £566, which is £243 more than last year.

War Conditions.

In addition to the precautions against Air Raids mentioned in last year's report, the Hospital has been protected where necessary by sandbags, and has installed fire fighting equipment. It has been assigned its role in the event of an emergency. Owing to the war, no Pound Day was held. Up to the end of February, 1940, 20 in-patients and 217 out-patient attendances are attributable to the war.

Orthoptic Clinic.

The Clinic has been open throughout the year and most patients still attend regularly in spite of transport difficulties. 160 new patients were referred to the Clinic, including eight evacuees. The number of attendances was 283 more than last year, and has largely been dealt with by the assistance we have been able to obtain one day a week from students of the Royal Berkshire Hospital. Unfortunately this help will not be forthcoming during 1940 as the training school is closed for the duration of the war, and the General Committee at its meeting in February, 1940, has sanctioned the appointment of an Assistant for one day a week. There are 49 patients on the Waiting List. The results are about the same as last year: 68 patients were discharged with single binocular vision; 17 improved and 7 with no improvement.

The Linen League.

During 1939, besides 91 articles of linen, the Linen Guild collected £100 os. 6d. in cash. Once again this is a record, and, what is more, the League has reached the £100 mark, which once seemed an almost unattainable goal. In the course of the year the League purchased 36 pairs of sheets, 13 pairs of blankets and 66 bedspreads, as well as very many other essential articles of linen.

Special Donations.

The Committee gratefully acknowledge the following special donation:—

Alexandra Rose Day	..	..	..	£30	0	0
--------------------	----	----	----	-----	---	---

Legacies.

The Committee are pleased to report the receipt of the following legacies:—

			£	s.	d.
George Ockenden, Esq.	..	..	50	0	0
Mrs. Mary Hector (balance of income)			34	12	9
Harry Paintin, Esq.	..	..	50	0	0

Thanks.

In conclusion, the Committee have pleasure in expressing their thanks to the Professional Staff, the Matron and the Nurses for another year's excellent work: to the Rev. C. R. F. Diggle and students of Wycliffe Hall for conducting services in the Wards; to Mrs. Pittar for the care of the garden; to the band of Readers under Miss Ewbank; and to Lady Elton and her fellow workers of the Linen League.

AUDITORS' REPORT.

We have examined the foregoing Accounts with the Books and Vouchers of the Hospital and find the same to be correct. We have verified the Investments as set out in the above list.

As the Auditors can have no complete check upon the amounts received from Subscribers, Contributions and Donations, the Honorary Secretary of the Hospital has prepared lists of these which have been checked and which are published in the Report.

INFORMATION RESPECTING
THE OXFORD EYE HOSPITAL

THE work was commenced in 1886 by Robert Walter Doyne. After some tentative arrangements, the Hospital was established (for both in-patients and out-patients) in two adjoining houses in Wellington Square. In 1894 a ten years' lease was obtained of a block of buildings in Walton Street belonging to the Radcliffe Infirmary; and by adding an upper storey to the west wing, and making certain structural alterations, the buildings were rendered suitable for the requirements of an Eye Hospital. Further enlargements having become necessary, another lease was secured in 1901, this time for forty years, and an upper storey added to the east wing. Early in the year 1912 a small Laboratory was built on to the Hospital, and fitted with the most modern appliances, in order to provide the Staff with improved facilities for pathological research.

An important addition was made to the Hospital buildings in the year 1924 by the construction of a covered corridor connecting the upper floors of the two wings of the building on one level and providing the accommodation necessary for open-air treatment.

In 1932 part of the space under the corridor was enclosed to form a Book-room.

In 1935 a Nurses' Home, containing eight bedrooms and two sitting rooms and connected with the Hospital by a covered bridge, and a new Dispensary and additional dark rooms were added to the Hospital buildings.

Admission of Patients.—The Hospital is administered solely for the benefit of the poor. No "Turns" or Tickets of Admission are required, but a charge of 6*d.* is made for each out-patient attendance. Only those not in a position to pay for private special surgical treatment are admitted. The Visitor for the week makes the necessary inquiries into the suitability of applicants for admission and treatment, and is authorised to remit

payment in cases of real necessity. The Visitor of the House Committee may require the production of a letter from a local clergyman, or other competent person, to show that the applicant is duly qualified for admission.

Members of the following organisations, which contribute to the Hospital, are admitted for free treatment on presentation of a certificate that they contribute. No inquiry into means is necessary.

Morris Motors.

Osberton Radiator Welfare and Sports Club.

Oxford and District Gas Co.

Clarendon Press.

Head Postmaster and Staff of Oxford District.

A. M. Mowbray, Ltd.

Church Army Press.

Woodford Workers.

All Blind Persons and Persons in the following categories are also admitted for free treatment without inquiry:

Inmates of The Poplars, Nazareth House and The Church Army Labour Home.

Patients, Nurses and Employés from the Radcliffe Infirmary and associated hospitals.

Patients and Nurses from Public Assistance Institutions.

Army Pensioners if sent by the War Pensions Committee, who make a payment of 2/- a visit.

Infants under one year of age from Oxford City if sent by the M.O. of Health or the City Maternity and Child Welfare Committee, who make a payment of 1/- a visit on their behalf.

Contributors to the Radcliffe Infirmary Contributory Scheme are not entitled to free out-patient treatment at the Eye Hospital, as it is not one of the associated Hospitals of the Scheme.

Special arrangements are made for insured persons who are entitled to ophthalmic benefit, or compulsorily insured persons not entitled to ophthalmic benefit who are not otherwise admissible. Also for undergraduates.

In-Patients.—The Hospital can accommodate about 36 in-patients. These are ordinarily expected to pay the cost (or part of the cost) of their maintenance, the proportion to be decided in regard to the circumstances of each case. Admission is never refused to a patient who cannot pay anything.

In-patients under treatment can only obtain permission to go out beyond the Hospital grounds by express order or for special reasons. When such permission is given the patient must inform the Matron before leaving the house, and also report his (or her) return.

Smoking is only permitted with the sanction of the Surgeons.

Patients may be visited by their parochial clergymen, or if not members of the Church of England, by ministers of their own denominations.

Visitors may be admitted to see patients on Sundays, Wednesdays and Saturdays between 2 p.m. and 4 p.m. Special cases may be visited at other times by permission of the Surgeons or the Matron.

Visitors are not allowed to give any article of food or drink or tobacco to any patient without express permission of the Surgeons.

Hours of Attendance.—The work of the Hospital begins at 9 a.m. Accidents and urgent cases are admitted at any time. For ordinary cases: patients from the country are admitted on Wednesdays, new patients at 1 p.m., after first attendance at 10 a.m.; patients from the City of Oxford on Thursdays at 9.30 a.m. (new cases only) and on Tuesdays at 10 a.m. (after first attendance).

Medicines.—The Hospital Dispensary supplies the drugs, lotions, etc., ordered, at cost price. Special arrangements are made for patients unable to pay anything.

Spectacles are not supplied by the Hospital, but only the necessary prescriptions. A list of opticians who have

agreed to supply Hospital patients with spectacles at fixed charges according to the prescription and type of frame, will be found in the out-patient department.

Management.—The affairs of the Hospital are directed by a General Committee meeting three times a year; as a rule, on the 4th Wednesday in February, the second Wednesday in June, and the third Wednesday in October. The management and business of the house and matters of detail and expenditure are controlled by a House Committee, which meets once a week in the Hospital. One member of this Committee (in rotation) undertakes the duty of visiting the Hospital for a week. The Visitor is also present during the hours of admission of new patients on Wednesdays and Thursdays, and is authorised to deal with any question about the suitability of a patient for admission or to refer the matter to the House Committee.

Post-Graduate Instruction.—A post-graduate Course of Instruction in Ophthalmology is held every summer term at the Oxford Eye Hospital, lasting for two months. This course is obligatory for candidates taking the examination for the Diploma in Ophthalmology granted by the University of Oxford. The subjects included are. Anatomy of the Eye, Physiological Optics, Pathology, Bacteriology and Development of the Eye, Clinical lectures and clinical instruction and medical ophthalmology. The inclusive fee for the course is fifteen guineas, with two guineas attendance fee for the Eye Hospital. All information can be had on application to the Dean of the Medical School, Oxford University.

THE OXFORD AND DISTRICT JOINT HOSPITALS' BOARD

President:

THE VISCOUNT NUFFIELD, O.B.E., D.C.L.

Chairman MR. W. M. GOODENOUGH, D.L.

Hon. Treasurer .. COL. H. E. DU C. NORRIS, D.L.

Secretary MR. W. HYDE, C.B.E.

The Oxford and District Joint Hospitals' Board was formed in 1937 with the object of co-ordinating local hospital services, so that each constituent hospital might be enabled to fulfil the function for which it is best equipped, without wasteful overlapping and duplication. The Board includes representatives not only of voluntary hospitals but also of the public authorities, the medical services, and the contributory and provident schemes in the area. Although the first years have necessarily been experimental, the Board has been able to make considerable progress in the organisation of local hospital services.

The desirability of grouping hospital services on a regional basis by means of bodies such as the Oxford and District Joint Hospitals' Board has recently received general recognition, particularly in the case of the Ministry of Health's Emergency Hospital's Scheme, and in Lord Nuffield's munificent gift which is intended to provide the nucleus of a central fund for Provincial Hospitals, analogous to King Edward's Fund in aid of London Hospitals.

Thus it appears likely that the scheme for the regional organisation of hospital services, initiated by the Joint Hospitals' Board in the Oxford district, will encourage the adoption of similar schemes in other provincial areas.

THE ASSOCIATED HOSPITALS.

The Radcliffe Infirmary, The Wingfield-Morris Orthopaedic Hospital, The Oxford Eye Hospital, The Horton General Hospital, Banbury, Abingdon Hospital, Bicester Cottage Hospital, Buckingham Hospital, Burford Cottage Hospital, Chipping Norton and District War Memorial Hospital, Didcot Hospital Committee, Fairford Cottage Hospital, Faringdon Cottage Hospital, Victoria Cottage Hospital, Thame, Wantage Cottage Hospital, and Watlington and District Cottage Hospital.
